

Action Center

The 2011-2012 Executive Council urges you to participate in this year's Action Center at the New York State FCCLA Leadership Conference. The action center is a collection of displays representing chapter activities, STAR Event boards, National Programs, and members' projects. This is an opportunity for members to highlight their experiences, showcase their hard work and share ideas to improve NYSFCCLA chapter programs.

If you are interested in having your display in the Action Center, please fill in and return the form below by March 1, 2012 to:
