Vol. 4 Issue 1

June 1, 2010

Message to our members:

June has arrived! Do you have your plans ready for the summer? What community outreach activities will you plan to help with over the summer? Helping others is a great way to establish resume building activities. Colleges often look to see if you are a well rounded individual. They are less interested in just high grades or sports, but rather look to see what your character says about you. Contact your local community service offices for more ideas on what you can do to help others in your town or village!

Oh yeah, and don't forget to show off your stuff by entering projects in your county fair. Many fair boards offer cash prizes for entries from public school Family and Consumer Sciences departments. Check it out. Earn a little money and enjoy promoting FACS classes at the county level.

BLAST OFF TRAINING

Each year FFA holds a National Training for all of their NYS Officers. This opportunity has been extended to FCCLA for the past two years. More information will follow as the team met over Memorial Day weekend. There is little cell service in that area to contact them by phone to see how they are doing. There is no place like Camp Oswegatchi if you want a little peace and quiet! Hope the black flies are gone!

Good Luck to our NYS National Meeting Participants! We all hope you have a wonderful time attending the 65th Celebration. We will be celebrating all of the medals our STAR event participants bring home. We offer special wishes to the 2010-2011 Executive Council and State Officer Advisors for a very productive and simulating meeting.

We need your vote!

National FCCLA and Missouri FCCLA are in the running for grants from the Pepsi Refresh Project.

Please help us win these grants by voting at:

Great News for NYS FCCLA....the Proposed Bi-law changes for National Officer Elections will definitely put a new twist in how our national officers are elected. Now a more equitable way of voting will take place if the bi-law is passed. We are looking forward to hearing about the outcome of this potential change.

FCCLA is on FACEBOOK and TWITTER. For those members who use these social networking sights, now is the time to connect with the National student organization. Search for them now and see!
