

Baking and Pastry, an individual event, recognizes participants enrolled in a Family and Consumer Sciences food class in a **comprehensive high school**. Individual participants will be evaluated on their ability to produce a quality, tasteful and attractive pastry produce using standard recipes, contemporary kitchen equipment, and established food preparation techniques. Participants must develop a plan for the time allotted, prepare recipes given to them at the time of the event, and plate their final items for evaluation. Participants will be required to fill out a final personal evaluation sheet.

Clothing and appearance Wear appropriate clothing and present a well groomed appearance

Planning

Participants will have 20 minutes to prepare a work plan after receiving and choosing the recipes they will use for the competition. During this time they will be expected to prepare and organize their work area.

Effective Planning Sheet Make a schedule and develop a sequential plan for completing tasks efficiently.

Follow Planning Sheet Follow plan; adapt plan as necessary.

Food Preparation

Participants will have 110 minutes to prepare two recipes, one required and one assigned from the suggested event recipe list. Both products must be plated for judging.

Participants are required to bring all items on supply list. Participants may bring equipment, tools or food items to enhance or decorate items.

Participants will be judged on their food preparation techniques, their ability to follow correct food safety and sanitation procedures, their use of the work plan, and the appearance and taste of the final product.

Equipment, Tools, and Techniques Use proper equipment, tools, products, vocabulary and techniques in the preparation and decoration of products.

Following directions Prepare work plan and follow recipe in proper sequence.

Sanitation and Safety Keep work area clean and organized; demonstrate appropriate safety and sanitation procedures.

Organized and cleaned work area Work area organized and kept clean throughout process. Kitchen left spotless at the end of the event.

Food Presentation

Each participant will prepare two recipes. Each of the two products will be plated twice, once for appearance, the other for a tasting plate. All preparation work must be completed within one hour. Items may bake during a thirty minute clean up. Plating, decorating and final presentation preparation will be given twenty minutes after the clean up and bake period.

Product Appearance	Prepare two decorated plates for each recipe exhibiting creative appearance, color, and shape.
Product Taste	Products should meet the standard of taste for each recipe. Correct sweetness and moisture will be judged.
Garnish or Decoration	Presentation should be tasteful, creative, and have eye appeal.

Evaluation

Each participant will have ten minutes to complete a self-evaluation sheet. The sheet will critique strengths and areas for improvement of the final product and procedures used.

Evaluation	Evaluation should reflect areas that could be improved as well as highlighting those techniques that were successful.
