

## STAR EVENTS REGISTRATION DIRECTIONS – 2012

**DIRECTIONS:** The Advisor, District Advisor or District STAR Events Manager should complete this form. It is a summary of the requests for State STAR event participation and the money you are submitting for STAR Events. Numbers should match Registration Form numbers.

Fees are \$20 for each participant. A **late fee of \$5 per event** for registration not identified\* by the **STAR event deadline of February 25, 2012** should be added to the registration. (\*Identified = district, event, level to Janet Stout by deadline.)

1. Put the number of participants in the PARTICIPANT column for each event. This year the Board of Trustees has decided to allow all students prepared to present a STAR Event to participate at the State level. Read the Registration Form and National STAR Events Manual to determine how many participants may compete at National level.
2. Going across the row, **multiply** the number of participants by \$20 and put in **X \$20 column** and in **\$ TOTAL column** for each event.
3. Total each column and put in the GRAND TOTAL line at the bottom of the page.
4. **Make out checks to NYFCCLA** (New York State Family, Career and Community Leaders of America).
5. Send STAR Events Registration Form and check(s) to:

Janet Stout, NY State STAR Events Coordinator

354 Lakeside Rd., Angola, NY 14006

If you have questions, please call: 716:549-3386

E-mail: [djstout9@verizon.net](mailto:djstout9@verizon.net)

**You can send the Registration by E-mail and the check by regular mail.** We appreciate those of you that can send one check for your district. If not, please identify those that have paid and those who will be sending additional money. Thank you.

In the *STAR Events Manual 2010-2011*, please note that **NYS can send two entries to National** for each of the following events: **Career Investigation, Job Interview, Chapter Service: Display and Manual, Chapter Showcase: Display and Manual, Early Childhood, Fashion Construction, Focus on Children, Food Innovations, Job Interview, National Programs, Recycle and Redesign and Teach and Train.**
