

A decorative border at the top corners of the page, featuring two large, stylized flowers. Each flower has five petals, a yellow outer ring, and a red center. They are positioned in the top-left and top-right corners.

NYS FCCLA STATE PROJECT

A small, stylized yellow flower icon with a green stem and two leaves, positioned centrally above the word 'Presentation'.

Presentation

Our Goal:

Calling all NYS chapters!

We are determined to have each of our chapters plant at least 3 plants (one per season) in our communities in order to give back to the environment! Each chapter may decide what types of plants they pick (trees, flowers, herbs etc.)

When does this challenge begin?

Starting on September 1st through February 23rd, all NYS chapters are expected to participate in planting plants throughout your communities.

Take Progress Pictures!

Throughout this project, it will be expected of each chapter to send in pictures and/or videos in order to be recognized at our upcoming 2024 State Meeting. Pictures and videos can be sent to Emily at emily.nysfccla23@gmail.com.

A decorative border in the top corners of the page, featuring several pink tulips with green leaves and stems, arranged in a slightly curved pattern.

THANK YOU!

*Do not hesitate to
ask any questions!*
